27 - 29 JUNE 2023

PADOVA, ITALY

The 7<sup>th</sup> International Conference  
Energy & Meteorology

**TOWARDS CLIMATE-RESILIENT  
ENERGY SYSTEMS**

**SPONSORSHIP  
BROCHURE**

## ABOUT THE CONFERENCE

The International Conference Energy & Meteorology (ICEM) is back for its 7th edition in 2023 with the theme: **“Towards climate-resilient energy systems”**.

ICEM 2023 will provide a premium international platform with excellent networking opportunities as well as a source of the state-of-the-art in the science, policy, planning and operations in Energy & Meteorology. This unique event will bring together meteorologist and climatologist researchers and service providers.

At ICEM 2023 you will learn about cutting edge Weather & Climate information for energy, including data, forecasts, post-processing, visualisation and delivery, which are indispensable enablers for an effective and timely energy transformation, and a key element to achieve energy system reliability and resilience.

For instance, while a shift to renewables is key for a carbon-free energy sector, it also increases the exposure of the sector to weather and climate events. Development and implementation of actionable Weather & Climate information require collaboration between all players involved in their production, from weather & climate scientists to energy experts, with the facilitation of communication specialists.

## WHY YOU WILL BENEFIT FROM SPONSORING THE 7<sup>TH</sup> INTERNATIONAL CONFERENCE ENERGY & METEOROLOGY 2023

By supporting the 7<sup>th</sup> global event ICEM 2023, not only will you align yourself with the leading event globally for the combined Energy & Meteorology (i.e. Weather and Climate) sectors, but you will also gain from:

- ▶ Exposure during an intensive multi-month marketing cycle to a global audience involved with Energy and Meteorology (current distribution is to over 10,000 contacts)
- ▶ Valuable insights, information and exposure to the latest developments associated with the Weather & Climate community and the Energy industry
- ▶ Visibility as a major player in these industries globally
- ▶ Broadening your competitive edge through improvement of your image, prestige and credibility in the market
- ▶ Differentiating yourself and your products / services from the competition
- ▶ The opportunity to develop closer and better relations with core clients

.....

Please note we can tailor a package to suit your goals and your budget so don't feel restricted by the suggested packages attached.
